

Clerking

Looks more attractive than housework for a woman, but it is also even more exhausting. The work is often done under high pressure, and the brightness of the eyes and the flushed cheeks of the attentive clerk indicate nervousness rather than health. If this is true under most favorable conditions, what shall be said of those who suffer from women's diseases, and who endure headache, backache, and other pains day after day?

No sick woman should neglect the means of cure for women's diseases offered in "Doctor Pierce's Favorite Prescription." It regulates the periods, drives out the poisons, cures the nervous system, relieves the pain, and restores the system to its normal state. It makes weak women strong and sick women well.

"A heart overflowing with gratitude, as well as a sense of duty, impels me to write to you and tell you of my wonderful recovery," says Miss Corinne C. Cook, of Lexington, Kentucky, who writes: "I was afflicted with the most terrible of women's diseases, and I was unable to do any work. I was so weak that I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better than I have for years. I now weigh 125 pounds. My face is a healthy color, and I feel as if I were in my normal state."

Doctor Pierce's Favorite Prescription cures biliousness.

GREAT GUNS AT PAN-AMERICAN

Uncle Sam Will Show Mammoth Coast Defenders at the Buffalo Exposition.

It has sometimes been said by unthinking people that the seacoast cities of the United States are not well defended. A flood of new light will be let into this gloomy minds by the Ordnance exhibit of the War Department at the Pan-American Exposition. When the Exposition opens for its six months' season at Buffalo on May 1 of this year, the early visitor will find the largest and most powerful guardians of our seacoasts ever exhibited by the United States Government. Even the smaller of the two great guns in the Government exhibit at the Exposition will be larger than any ever before displayed by our Uncle Sam.

But of the guns—great guns, indeed: big around as a locomotive boiler, thirty odd feet long, with a more savage muzzle than ever conceived of in the history of the world; built with the accuracy of a watch; so delicate in adjustment that a little finger may traverse the gun, thus moving a weight of nearly half a million pounds, yet so accurate in aim that it will hit a target at a distance of 25,000 yards. The big gun of which I speak is a twelve-inch gun, model of 1865, mounted upon a disappearing carriage. Its weight, stripped of everything, even the breech block, is 115,000 pounds. Its total length is 36 feet 10 inches. The maximum diameter at the breech is 44.5 inches. It throws an armor piercing shot weighing 1,000 pounds, the length of which is three and one-half feet. It also throws a projectile, an armor piercing shell weighing 1,800 pounds, four feet long, carrying a bursting charge of 39.4 pounds of gun cotton. The charge of powder is 240 pounds of smokeless or 400 pounds of brown prismatic powder. The muzzle velocity of the projectile under the above conditions is 2,300 feet per second, with a maximum pressure per square inch of 37,000 pounds. The muzzle energy is 36,071 foot tons. The power of penetration in steel at the muzzle is 30.9 inches, at 1,000 yards 28.5 inches, at 2,500 yards 25.5 inches, at 3,500 yards 23.5 inches. The total weight of the gun and carriage is 177,000 pounds. The carriage is twenty-five feet in diameter at the base, and the gun when in firing position is seventeen feet above the base of the carriage. When the shot is fired, the recoil causes the mechanism to lower the gun seven and one-half feet, behind the parapet. The gun has an accuracy of aim for about eight miles, and the extreme range is about double that distance.

As I have said, guns of this type have never before been exhibited by the United States Government, and particular use. On elevated sites the parapet furnishes all the protection required, but on a flat coast the disappearing would seem to possess very great advantages. It is thought that on low sites the rifle must be mounted either on a disappearing carriage or in a turret. The expense of a turret is estimated at about four and a half times the cost of the disappearing carriage. The Endicott Board on Ordnance and Fortifications a number of years ago decided in favor of the disappearing carriage, and the department has been laboring to obtain a satisfactory one. The one shown at the Pan-American Exposition is considered the most perfect in the world.

The ten-inch breechloading rifle is from the model of 1893 and weighs 26,700 pounds. Its total length is 30.7 feet, and the diameter of the breech is thirty-seven inches. The projectile is an armor piercing shot or shell. The shell carries a bursting charge of 22.4 pounds of gun cotton and weighs 575 pounds, having a length of four feet. The solid shot is three and one-half feet long. The powder charge is 140 pounds of smokeless powder, and the muzzle velocity of the projectile is 2,300 feet in a second. The maximum pressure per square inch is 37,000 pounds. The muzzle energy is 21,089 foot tons. The gun has a penetrating power of twenty inches in steel at 2,500 yards.

At the right of the ten-inch gun a twelve-inch mortar has been mounted, and it is no small affair. Further to the right is a five-inch rapid fire gun. All are mounted behind sections of a parapet, and the four pieces represent one gun of each type used in seacoast fortifications.

To the left of the great twelve-inch disappearing gun will be exhibited the old seacoast ordnance of the United States, arranged in a historical series, the twelve-inch gun itself representing the climax. Near the small building specially constructed for this purpose will be displayed the mountain, field and siege guns of the present day, together with types of old guns used in the different wars in which the United States have been engaged.

The Ordnance exhibit will show the historical development of ordnance in the United States, a gun representing every type adopted by the United States and showing the evolution of guns, mortars and howitzers. Among the howitzers will be one made in 1793. There will also be thirty or forty trophy guns, displayed according to period of capture. A novel feature will be a large fountain, representing a bursting shell, with water spouting from its crevices. This will be mounted on a pile of projectiles, surrounded by trophy guns.

The largest guns mounted in any of our seacoast batteries during the war of 1812 were twenty-four pounders, the diameter of bore being less than six inches and the weight of guns 5,500 pounds. They were a little over ten feet long, and the powder charge was six and eight pounds of black powder. They were mounted upon wooden carriages. In 1829 the thirty-two pounder, with a caliber of 6.41 inches, using a charge of eight to ten pounds of black powder, was adopted, and in 1831 the forty-two pounder, with a caliber of seven inches and using ten to fourteen pounds of black powder, came into use. In 1841 the eight and ten inch Columbiads fired a shot weighing sixty-five pounds and used a charge of ten to fifteen pounds of black powder. The ten-inch shot weighed 120 pounds, and the powder charge was eighteen and twenty pounds.

In 1861 the first fifteen-inch Rodman gun was cast. These guns were smoothbores of cast iron. The process of manufacture was evolved by General Rodman, who, to prevent injury to strains produced by cooling castings from the exterior, cast these guns on a hollow core and cooled by a stream of water or air passing through the core. Rodman's fifteen-inch gun fired a shot weighing 428 pounds with a charge of forty pounds of black powder, and was the first great gun introduced in modern times in any service. Just before the Civil War rifled muskets and guns began to displace smoothbores. Captain Parrott's rifles were the first ones of large caliber used in the United States service. The largest of these had an eight and ten inch bore and were cast hollow and cooled from the interior on the Rodman plan. They were strengthened by shrinking a coiled band of wrought iron over that portion of the gun which surrounds the powder charge. The eight-inch Parrott rifle fired an elongated projectile weighing 150 pounds with a charge of sixteen pounds of black powder. The ten-inch rifle fired a twenty-five pound projectile with a charge of sixteen pounds of powder. The main Government building will be exhibited the machine guns of all kinds, including the automatic gun now being used by the United States Army in the Philippines and China; also several hundred small arms, showing the development of these arms from the match lock, wheel lock, flint lock and percussion cap lock to the breechloading magazine small arms of today.

In the Signal section of the War Department exhibit will be displayed all instruments and appliances used in communication by flag, heliograph, wire, telegraph, cable and by wireless telegraphy. Wireless telegraphy will be in operation at all times during the Exposition, one station being located at the Government building on the grounds and the other station some miles away, probably at Fort Porter.

The Military Academy at West Point has never been represented at any previous exposition. A very complete and interesting exhibit, showing history, curriculum, plant of the Academy, its work and workings, will constitute a part of the War Department exhibit. The inclusion of the West Point exhibit will have the form and appearance of regular cadet barracks, the top of the partition showing battlements, with a tower at each corner. A committee of professors of the Military Academy has been appointed by the superintendent of the Academy to prepare this exhibit. C. W. Larned, Professor of Drawing, who is a member of the committee, has recently sent Captain Harris a plan of the exhibit.

In the Quartermaster's section will be shown paintings, photographs and drawings illustrating the Army Transport service. Uniforms of the army at different periods from the Revolution to the present day will be exhibited on about forty lay figures.

The entire exhibit of the War Department under Captain Harris will be of a most entertaining character, as the Captain has visited all the arsenals of the country, gathering such things as to him seemed of public interest and value in order to make an entirely new and attractive exhibit.

Biliousness is a condition characterized by a disturbance of the organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbance of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and are certain to be much pleased with result. For sale by Z. Wayne Griffin & Bro. m.

One Divorce to Five Marriages.
Chicago has always borne a notorious reputation as a divorce center, but that reputation is growing steadily worse. Dakota led in this matter at one time. It made its laws favorable to divorces for the purpose of attracting visitors and there was said to be always a large divorce colony at Pierre, awaiting decrees that set them free from their matrimonial bonds.

Chicago, however, has completely distanced Dakota, and is now the divorce center of the Union. Clerks in the Circuit and Superior Courts there are kept almost as busy filling divorce papers and records as the marriage license clerk in issuing permits for loving pairs to enter conjugal felicity.

Twenty per cent of the marriages in Cook county are, according to court statistics, failures. For six months of last year 9,340 marriage licenses were issued and 1,912 petitions for divorce granted. In other words, for every five couples that seek marriage in Chicago, one seeks its dissolution.

A Promise to Mother.
While drinking whiskey was the fashion all about him, Abraham Lincoln never forgot his dear mother's request to close his lips against intoxicants. Once, when he was a member of Congress, a friend criticized him for his seeming rudeness in declining to test the rare wines provided by the host, urging as a reason for the refusal, "There is certainly no dan-

ger of a man of your years and habits becoming addicted to its use."

"I mean no disrespect, John," answered Mr. Lincoln, "but I promised my precious mother only a few days before she died that I would never use anything intoxicating as a beverage, and I consider that promise as binding to-day as it was the day I gave it."

"There is a great difference between a child surrounded by a rough class of drinkers and a man in a home of refinement," insisted the friend.

"But a promise is a promise forever, John, and when made to a mother it is doubly binding," replied Mr. Lincoln.—Youth's Temperance Banner

IT'S QUITE THE THING TO DO.

Twelve months ago the bastards of the press were defending Redwism, Goebism and other revolutionisms, which infected Kentucky's soil ascribing to the leaders of these political monstrosities that proud distinction "Divinely Inspired." They preached to and prayed with the people of Kentucky that political conventions could not be conducted as Sunday schools, that it was only politics and that was all. When their leaders declared from the stump that civic-political and natural rights existed no more and would henceforth not be respected. These cubs of corruption shouted amen! and amen! When the old historic rule of impartially selecting juries was set aside and the decree issued by the courts that a Republican official should be tried by twelve partisans—intensely partisan Democrats, they sent up a hurrah to the most High; when James Andrew - Paper Legged-Scott offered to sweeten Youtsey's exile out of the \$100,000 corruption dish, if he would give evidence that would "hang Taylor and damn the Republican party." These fellows personification of innocence, righteous living and virtues of stainless purity fell pell-mell over each other in their effort to be first to sanction and approve it, declaring that it was the fulfillment of the great Watsonian idealism, viz. "Under the operation of the Goebel law, the result of the election is not left to chance."

These sponsors of this political iniquity have been defending these things for two years past, but have commenced already in their drunken frivolity to talk of Goebism, Redwism in the Republican party, because of the odium attached to these modern political debris. Nothing can be said or done, which tends to expose Democracy's prospects for official favor or blight her future hopes of victory, without these fellows raise a howl about the "so-called" Redwism, Goebism, &c. Of course it is quite the thing to do, but the good people of Ohio county will remember that these things were done in the name of Democracy, for Democracy's chieftains and was sanctioned and subscribed to by every man now asking for office on the Democratic ticket. Gentlemen, Ohio county citizens have you "spotted" and they will none of you, you endorsed Goebism in '99 and 1900 and you must endorse it in 1901. You spoke in its defense at McHenry and Centerville and elsewhere in '99 and '00. Will you defend it at these points in 1901? We

serve notice on the subsidized insurgent press that Goebism is as repugnant to the people of this county today as it was in '99, and you should not desert the principles of your chieftain and charge them to the account of others who have never been accustomed to bow at the altar of a human being, horn and bred in the sins of this world. Friends of civil liberty, when you go into the booth this fall, remember the incarcerated Caleb Powers, whose only proven offense and misfortune was his election to the Secretaryship of State in 1899.

We understand the Institute program committee is considering a plan to secure the services of Ex-Governor Bob Taylor one night during the Institute which will be some time in July. Nothing could possibly please the teachers so well, or profit them so much as an evening spent with this humorist and lecturer from Dixie. His auditors would not be confined to the teachers, nor to the citizens of Hartford, but they would come from the remotest sections of the county and from other counties. The teachers and greater part of the citizens of the county have never had the good fortune to hear this genius of the platform and many of them have long desired an audience with him. If the committee would permit us to have a word, we would advise and insist that Ex-Gov. Bob Taylor's services be employed one night during the Institute for the general good of the entire county, as no mistake can possibly be made in selecting such a man.

The great Illinois Central Railroad Company has been rapidly advancing during the past quarter of a century. In the three or four years since it bought the N. N. & M. V. it has made it one of the very best systems in the country. Less wrecks occur on it than any other road in the State and passenger service is all that could be expected or desired. A company with this sort of record will materially benefit the country in a thousand ways. The company recently provided for its employees to take stock, thus making the laborer's interest identical with the company's. Besides this, the company has arranged to pension its disabled employees, which takes effect first of July next. The I. C. is up-to-date in every respect and we congratulate the county on possessing such a valuable luxury.

ALABAMA'S new constitutional convention met Monday to revise or amend the present constitution. It is more than probable that the proposition, to eliminate the negro from politics, which has been agitating the minds of the Democratic politicians for some time will be carried into effect, and he will be barred from further participating in governmental affairs. This sort of vassalism is very similar to the original condition of the negro race, one is political bondage, the other physical. The same spirit is brooding in Kentucky and has been for sometime. Woodson expressed the real sentiment of the Democratic party and that that party ever gets control of the Legislature sufficiently it will be all day for the colored man in Kentucky.

The old Democratic rooster stands back boastfully swearing vengeance to the present Democratic ticket. Evidently he remembers '97 and its attending results. He says he crowed over the head of the ticket in '97, as a Populist, and this year the same head of the ticket has asked him to believe he was a Democrat in '97 when he told the people that he was a Populist, and was elected County Judge as a Populist. The old cock wows that he will crow no more until the tail understands the head. A very wise conclusion. We congratulate you old boy.

We understand that the Democratic candidate for Jailor has been "travelling" the county in the vain hope of being our next Jailor, and is reported to have said, he couldn't even dream of being elected, much less to think so. November 5 will corroborate his timely acknowledgment. Verily he is up against the inevitable and recognizes this fact, and his comrades in despondency will give vent to like expressions, after the 5th of November if not before.

AFTER a lingering illness of two weeks between life and death, Mrs. McKinley is on the road to recovery and the Presidential party will return to Washington immediately. All America loves President and Mrs. McKinley and she rejoices in the recovery of her foremost daughter from the ravages of a dreaded disease. The President is receiving many congratulations on the recovery of his devoted companion and he is jubilant now.

The Pan-American Exposition is open in full blast and Buffalo is now the center of attraction. Those who contemplate a visit or an outing during the summer months should attend the Buffalo Exposition. The great Niagara Falls and a trip to Canada, in addition to the Exposition will be attractions for the general public.

Fell Dead at Wife's Feet.
 Evansville, Ind., May 20.—John L. Jones shot and killed Thomas Keene

to day in the presence of Keene's wife. Mrs. Keene is bookkeeper in Jones' department store. Keene went in the store this morning and began to abuse her and Jones interfered. Keene pulled a pistol and Jones also drew his and shot Keene in the heart, who fell dead at his wife's feet.

Keene was separated from his wife at Cairo, Ill., two years ago. The father of Keene is a wealthy man at Cairo, where the remains will be shipped. Keene was jealous of Jones and it is asserted that he often threatened his life.

Aged Elopers.
 Greenup, Ky., May 22.—William Henderson, aged 81, and Mrs. Arthur James, aged 79, passed through here today on their way to Ohio to be married. They stated that they were running away because their children, and grandchildren objected to the match. They are going to the Pan-American exposition on their bridal tour.

Thus is the old aphorism fulfilled—never too old to get married.

Unless a woman eats sufficient nourishing food she can neither gain nor keep a good complexion. Food, when digested, it is the base of all health, all strength, and all beauty. Herbine will help digest what you eat, and give you the clear, bright, beautiful skin of health. Price 50c and 75c.

Shot to Death on the Stage.
 Clarksburg, W. Va., May 20.—The Traders' theater here to-night was the scene of an accidental fatal shooting. A stock company was putting on a play in which there was a wild west scene and a number of local young men were pressed into service to help in the shooting scenes. While the firing was at its height a bullet from the revolver of Luther Moore struck W. H. McClurg in the heart, causing instant death. There is no explanation how the ball cartridge came to be in Moore's revolver.

A Fight.
 Dr. H. B. Tull, now located at Hartford, and a young man from Central City "mixed" Sunday morning at the depot. The doctor got the best end of the scrap although they were separated before any damage was done. Dr. Tull was released on \$200 bond to appear. The Central City man was released.—New Wrinkle

Three Children Killed and Devoured by a Bear.
 Job, W. Va., May 22.—The three children of E. P. Porterfield, a mountaineer residing about twelve miles southeast of this place, while gathering flowers in the woods near their home, were killed and partially devoured by a bear.

A searching party found the remains and later shot and killed the bear. The children were Mary, aged three; Willie, aged five, and Henry, aged seven.

The bodies presented a sickening sight, and were carried home in sacks. The parents are almost crazed with grief, the bereavement leaving them no children.

To the colored people—the watchword now throughout the entire country is "On to South Carolina," next Sunday, May the 26th. It will be the grandest occasion of the season, three sermons, a prize rally and baptizing. Boat and train excursions from different points. Everybody cordially invited.

A Wealthy Negro Dies in Hopkinsville.
 Hopkinsville, Ky., May 22.—Peter Postell, Sr., the wealthiest colored man in Western Kentucky, if not in the entire State, died this morning of dropsy. He had been in failing health for a year or more. His estate is estimated at more than \$500,000. Much of it is in valuable real estate in this city. He had been in the grocery business here for thirty years. John Postell, one of his sons, was appointed steward of the Western Kentucky Asylum by Gov. Bradley, but the Senate rejected the nomination. He is now a gauger in the Revenue Service.

Postell's large business interests here are conducted by another son, Peter Postell, Jr., who stands high as a business man.

Two Negro's are Killed in a Shaft.
 Central City, Ky., May 22.—While repairs were being made on an air-shaft of the Central Coal and Iron Company near this city to day, the rope holding the cage, in which a miner was going down, broke and the cage fell on another man working in the bottom of the shaft. Both men, who were colored, were instantly killed.

Nothing has ever been produced to equal or compare with Tablet's Buckeye Pile Ointment as curative and healing application for Piles, Fissures, blind and bleeding, external or internal, and itching and bleeding of the Rectum. AS DICTATOR

Gen. Malvar Has Proclaimed Himself.

Insurgent General Declares He Will Take Up the Work of Aguinaldo.

Manila, May 21.—It is announced from the headquarters of the Federal party that the negotiations looking to the surrender of Gen. Malvar have failed, and that Gen. Malvar has proclaimed himself dictator in succession to Aguinaldo.

It is said he will reconstruct the insurgent force of some 1,800 men, who are scattered in the provinces of Batangas, Tayabas, Laguna and Mindoro, and that the new insurgent army will be commanded by four Generals. Malvar's changed attitude is inexplicable. The official emissaries of the Federal party, San R. Lopez and ex-Gen. Trias, conferred for two weeks with Malvar in the mountains. The latter finally closed the negotiations by saying the Filipinos wanted more independence than the Canadians, and desired autonomy like that granted to Australia by Great Britain. He denounced the Federal as chickens hatched by the Americans, and said the Conservatives were hatched by the friars.

The leaders of the Federal party deplore the threatened continuation of hostilities in the rich provinces above mentioned. They say that Malvar's anti-American wife is responsible for his refusing to surrender.

It is probable that a strong expedition will be sent against him and his rendezvous for insurgents will be destroyed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75. Hall's Family Pills are the best.

CENTRAL GROVE, KY.
 May 21.—Mr. G. W. Snell, who has been dangerously ill, is some better.

Rev. R. W. Danks filled his regular appointment at the Baptist church Saturday and Sunday. Texts were as follows: "Charge Joshua, encourage him" and "Whatsoever God hath said, do."

Mr. and Mrs. C. R. Carson and Master Carl Miller spent Sunday at Mr. George Carson's, Elmwood.

Little Miss Myrtle Williams, Hartford, spent a few days last week with her aunt, Mrs. Belle Igleheart.

Mr. and Mrs. L. W. Tanner, Rockport, are visiting relatives in the community.

Mr. E. E. Bishop and family, Beaver Dam, attended church at this place Sunday.

Mr. and Mrs. M. G. Snell and little son, Ernie, of Cool Springs, visited relatives in this community Saturday and Sunday.

Prof. J. Ham Barnes, Beaver Dam, gave quite an interesting lecture at the Baptist church Sunday afternoon in behalf of Sunday school work. May we all strive with renewed energy

BLUES

Ever have them? Then we can't tell you anything about them. You know how dark everything looks and how you are about ready to give up. Somehow, you can't throw off the terrible depression. Are things really so blue? Isn't it your nerves, after all? That's where the trouble is. Your nerves are being poisoned by the impurities in your blood.

Ayer's Sarsaparilla

purifies the blood and gives power and stability to the nerves. It makes health and strength, activity and cheerfulness.

This is what "Ayer's" will do for you. It's the oldest Sarsaparilla in the land, the kind that was old before other Sarsaparillas were known.

This also accounts for the saying, "One bottle of Ayer's is worth three bottles of the ordinary kind."

\$1.00 a bottle. All druggists.

 Bilelessness is a condition characterized by a disturbance of the organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbance of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and are certain to be much pleased with result. For sale by Z. Wayne Griffin & Bro.

Game Laws in Kentucky.

The following are Kentucky's game laws as sprung by a Northern Exchange.

Plain citizens may be shot from January 1st to December 1st.

Senators, Governor's and members of Congress may be shot during any political campaign and within 60 days thereafter.

Niggers can be shot at any time. Hunters in search of this game are also allowed to use a stuffed club or butcher knife.

If any man is caught drinking water it is a sign that he is no gentleman, and may be executed with what ever weapon is nearest at hand.

Colonels may be shot with impunity at any time, while a squirrel gun is recommended for dispatching majors and captains.

No man shall be allowed to kill in excess of six persons per day. In cases where it is an affair of honor this number may be increased to 13.

Any citizen who does not note the remains of his victims from public sight within 48 hours of the time the first volley was fired, will be fined one gallon of moonshine.

Any citizen who steps on another citizen's toes may be shot on the spot with the privilege of apologizing thereafter.

If a citizen leaves home half shot and is found on the street a short time thereafter full of buckshot that is his fault, and his relatives are not allowed to shoot more than 17 suspects in their effort to find the guilty person.

A Veterans Fortune.
 Dayton, O. May 21.—A copy of the will of Josephine Kelat, nee Fairfax, an Englishwoman, who died recently in France, has just been received here, which bequeaths to Hamlet Henry Hawthorn, a veteran of the Soldiers' Home a fortune of \$2,500,000 his reward for saving the women from drowning.

In 1854 her boat upset in the surf

Poison Oak Poison Ivy

are among the best known of the many dangerous wild plants and shrubs. To touch or handle them quickly produces swelling and inflammation with intense itching and burning of the skin. The eruption soon disappears, the sufferer hopes forever; but almost as soon as the little blisters and pustules appeared the poison had reached the blood, and will break out at regular intervals and each time in a more aggravated form. This poison will loiter in the system for years, and every atom of it must be forced out of the blood before you can expect a perfect, permanent cure.

SSS Nature's Antidote FOR Nature's Poisons.
 is the only cure for Poison Oak, Poison Ivy, and all noxious plants. It is composed exclusively of roots and herbs. Now is the time to get the poison out of your system, as delay makes your condition worse. Don't experiment longer with salves, ointments and soaps—they never cure. Mr. S. M. Marshall, bookkeeper of the Atlanta (Ga.) Gas Light Co., was poisoned with Poison Oak. He took Sulfur, Arsenic and various other drugs, and applied externally numerous lotions and salves with no benefit. At times the swelling and inflammation was so severe he was almost blind. For eight years the poison would break out every season. His condition was much improved after taking one bottle of S. S. S., and a few bottles cleared his blood of the poison, and all evidence of the disease disappeared.

People are often poisoned without knowing when or how. Explain your case fully to our physicians, and they will cheerfully give such information and advice as you require, without charge, and we will send at the same time an interesting book on Blood and Skin Diseases.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

H. Kent, England, and Hawthorne swam to her aid. He refused all offers of reward at that time, came to America, enlisted in the army and fought through the civil war. The will instructs him to marry some good woman to aid him in carrying out the provisions of the will.

Hawthorne is to establish in New York city a poor man's church, and is instructed to devote much time to charitable giving, especially to homes for widows and orphans. At death it is expressly provided that he is to be buried in the vault beside his benefactress, clothed in a uniform such as he wore during the civil war.

Hawthorne will carry out all the provisions of the will.

Mrs. J. No matter what can cause facial eruptions, absolute cleanliness inside and out is the only way to cure them. Rocky Mountain Tea taken this month will drive them away. 35c. Ask your druggist.

Success—Worth Knowing.
 40 years success in the South proves Hughes' Tonic a great remedy for Chills and all Malarial Fevers. Better than Calomel and Quinine. Contains no Arsenic. Insulated, try it. At Druggists. 50c and \$1.00 bottles.

A Very Remarkable Remedy.
 "It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I at once made up mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in five ten minutes he left my store smiling by informing me that he felt as well as ever." Sold by Z. Wayne Griffin & Bro.

If not, something must be wrong with its food. If the mother's milk doesn't nourish it, she needs **SCOTT'S EMULSION**. It supplies the elements of fat required for the baby. If baby is not nourished by its artificial food, then it requires

the country, which fact has long since been admitted by all. Every one should hear Dr. Briggs.

The Sons of Veterans met in Hartford, May the 18th, and elected a temporary organization of a camp. This is an organization that should be strong in this locality. The sons should be interested in honoring and cherishing the memory of those who have preserved us a nation. If the soldier's son does not do this it will never be done. Therefore all soldiers' sons are requested to be present at Hartford on Saturday before the first Sunday in June at 2 p. m. in order to organize a permanent camp.

H. H. DAVIS, Capt. By W. R. CARSON.

Next week ends the most successful year's work of the Hartford College since it was organized. More students have attended the school during the past year than any previous year, which is directly due to the recognized ability of the professors in charge. The class work has been thoroughly satisfactory to both teachers and students and the progress of the latter has been very gratifying and encouraging. With this record as an inducement we see no reason why next year should not surpass this year's success in the same ratio of the present year over the success of last year. At any rate we shall hope for and expect the same blessings to attend the efforts of the future that have characterized the past. Hartford should be proud of her school, those conducting it and should accord to the students a most cordial welcome, which trait marks the distinction of a true Southerner from all other peoples of the world.

Below we give the religious and political complexion of the present grand jury and the age of each member. L. J. Iglehart, Baptist, Democrat, age 63; J. F. Wallace, Methodist, Populist, age 67; J. C. Chamberlin, Methodist, Republican, age 67; T. H. Daniel, Methodist, Democrat, age 52; L. P. Turner, Methodist, Democrat, age 52; J. N. Oldham, Presbyterian, Democrat, age 43; W. R. Hocker, Methodist, Democrat, age 65; D. C. Black, Methodist, Republican, age 64; J. A. Cooper, Methodist, Republican, age 56; L. A. Stevens, Methodist, Democrat, age 41; W. E. Martin, Methodist, Republican, age 36; J. H. Stevens, Methodist, Republican, age 35. One Baptist, ten Methodist, one Presbyterian. Six Democrats, five Republicans, one Populist, average age 53 5 12. Oldest set of grand jurors that has been rostered in years. All good and substantial citizens.

Hartford vs. Beaver Dam.

The Hartford baseball boys met the Beaver Dam boys Saturday at Beaver Dam, for the second time this season. It was quite an interesting game, the score standing 11 to 10 in favor of Hartford. When the Hartford boys commenced on the last inning the score was a tie, but the boys landed the salvation score, and left the field—one out and two runners on base. Out of three games during the season the Hartford boys won two. If the Beaver Dam team will come down to practicing for the game the next time the teams meet the scores may read differently. The Renter team will cross bats with the Hartford boys to-morrow at the Fair grounds. An interesting game is anticipated. Saturday week is the day for Hartford and Central City teams to meet at the latter city.

The New Survey.

We have made diligent inquiry in to the location of the proposed car line to connect Hartford with the Illinois Central and can now state that there is but little doubt about the company's determination to build the road to strike the I. C. at the Williams' Coal Co's switch. They now have assurance that the right-of-way will be given the company. Other inducements are also offered. Surveyor Jno. B. Wilson will begin the survey Monday. From a practical and economical view, considering Hartford's interest, this is certainly the best route. There is but little difference between Hartford and Williams mines than from Hartford to Beaver Dam.

A line to Beaver Dam would simply give us an outlet. It would pass through no coal fields. But a line to the I. C. at Williams' switch would not only connect us with the railroad but pass through extensive coal fields and would put Hartford in the immediate vicinity of the greatest coal mining centers in the country. There by the thousands of dollars of trade

that go to Beaver Dam from that center annually would be brought to Hartford. Besides this great advantage other mines would be opened on the new line and laborers living in this town could get work there. Hartford would then virtually be in the center of the coal industry. Trade would come here, the bank accounts of all the people thus thrown into our midst would be here, more traveling trade would come and in fact three-fourths of the business that now goes from those places to Beaver Dam would be ours. No further effort should be made, as we understand, there will not be, to get into Beaver Dam, but the people of Hartford should encourage and insist that the road connect us with Renter, Williams and McHenry.

Circuit Court.

The Ohio Circuit Court convened in Court Hall Monday, with Hon. W. T. Owen upon the bench. The following gentlemen were empaneled as grand jurors: L. J. Iglehart, Foreman; T. W. Daniel, L. P. Turner, J. N. Oldham, R. W. Hocker, L. A. Stevens, J. F. Wallace, J. C. Chamberlin, Clerk; D. C. Black, J. A. Cooper, W. E. Martin and I. H. Stevens, Sheriff. The following named gentlemen were empaneled as petit jurors: Jno. F. Felix, J. M. Christian, W. B. Fitchner, B. T. Iglehart, J. D. Spurrier, G. J. Christian, J. Wat Stevens, H. K. James, E. R. Williams, Jno W. Stevens, J. M. Graham, S. R. Brown, J. Wallace, Luther Rock, W. F. Condit, A. D. Taylor, Wm. Williams, T. M. Daugherty, Ed Austin, Geo. H. Barnes.

Up to going to press one case has reached the jury and the defendant was adjudged not guilty. Monday the court met and after some formal proceedings adjourned Tuesday court again convened and adjourned soon thereafter without transacting any business. Wednesday's proceedings were very similar and after trying one case Thursday morning court adjourned until this morning. The trial of 'Capa' Davis for killing Mr. John Miller, is set for to-morrow.

The work proceeds slowly.

Wedding-Petty.

Judge R. R. Wedding, of Hartford, and Mrs. Deborah C. Petty were married Tuesday by Rev. R. H. Crossfield. Judge Wedding has been a prominent citizen of Ohio county for many years, and is at present engaged in the revenue service. His bride is a member of one of the best families in Ohio county.—Owensboro Inquirer.

Examination and its Results.

On going to press the Board of Examiners could not give out an official statement but we are safe in approximating as follows: Out of 56 applicants for certificates to teach in the public schools, there will be 19 first-class, 19 second class, 9 third class and 9 failures. The Board of Examiners advises that this was the easiest examination within the past four years, and the nine failures may have been due to that excitement that comes to everyone applying for certificate the first time.

We would appreciate the favor if our subscribers would call during court and settle arrears. Quite a number have responded to a former request and we hope to have others call and see us.

Catarrh

The cause exists in the blood, in what causes inflammation of the mucous membrane.

It is therefore impossible to cure the disease by local applications.

It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiarly alterative and tonic effect. R. Long, California Junction, Iowa, writes: "I had catarrh three years, lost my appetite and could not sleep. My head pained me and I felt bad all over. I took Hood's Sarsaparilla and now have a good appetite, sleep well, and have no symptoms of catarrh."

THE SUNNY SOUTH

Fifty Cents a Year Less Than a Penny a Number

THE SOUTH'S LITERARY WEEKLY

Published at Atlanta, Ga.

After a career of more or less activity in the Southern field for over a quarter of a century, The Sunny South has again become a weekly, better and more readable than at any time in its history. It contains serial stories from the best known authors of the South, and is devoted to Southern readers and Southern writers and is their own story paper. Short stories, sketches, incidents of war and of peace, anecdotes at home and abroad, poems, ideas, fashions, hints for home keepers, everything of interest to old and young will appear in its columns.

The two great serials, "TRISTRAM OF IDLE" by ANTHONY HOPE (now in progress with full synopsis to cover former installments), and "The Golden Rule" by MAURICE THOMPSON, to begin April 27th, will be read with absorbing interest throughout the whole South. This is your opportunity, and only 50 cents for a full year of it. Think of it! 50 cents.

Subscriptions are only fifty cents a year. No agent commission. The paper is sent free of charge and argument to the subscriber. One sample copy free to you and to your six neighbors whose names and addresses you send on a postal card, provided you send us one. A circle of five at 50 cents each, accompanied by the full amount \$2.50 net to us, entitles the sender to The Sunny South a whole year free.

The Sunny South is now in a new form, always improving, every issue to excel the last one. The South's literary paper is here at last. Order it today.

The Sunny South in combination with the greatest of all Southern Weekly Newspapers—The Atlanta News—constitutes both for only \$1.25 a year. Remit that amount to The Sunny South, and get these two great papers—One Literary, the other News.

FACING THE ORIENT.

President Addresses a Vast Crowd at San Jose.

Says the Constitution Carries Forward Liberties Holy Mission

It Embraces Within It Every National Duty and Purpose.

PRESIDENT AT SAN JOSE.
Thousands of people from Del Monte and San Jose, who had been anticipating a sight of the President for months, were disappointed to-day. The President's presence in San Jose for an hour this afternoon took the edge off the disappointment here, where the rose carnival was being held in his honor and where the flora display surpassed anything ever before seen in this part of the country. After leaving Del Monte this morning the cabinet carried out the itinerary as originally planned, visiting the big trees in the San Lorenzo Valley and the Jesuit College.

The President's presence here barely saved the day. He ran down from San Francisco in his special car, arriving here just as the cabinet train pulled into the city from the south. But he only remained for the formal exercises. At 3:30, when they were concluded, he was driven back to the station and left immediately for San Francisco. At St. James Square, opposite the court house, a handsomely decorated stand had been erected, and here the formal exercises took place. The President responded as follows to the Mayor's address of welcome.

PATRIOTIC RESPONSE
"Mr. Mayor, My Fellow Citizens—We have had many warm and generous greetings as we journeyed from the Potomac to the Pacific slope, but none have been more interesting nor generous and more memorable than the one which the people of Santa Clara county and of San Jose accord us to-day. (Great applause.)

"I observe that I face not only this multitude of Americans, but I face the headquarters of a thousand Ohioans, who, with my other fellow-citizens, give this welcome. We are all proud of our states, and well we may be, whether we come from the North or whether we come from the South. We are proud of our birthplace, and of our

Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at this time grow into fatal complications. That female troubles are filling graveyards proves this. Wine of Cardui establishes a painless and regular menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything. In fact was miserable. I have taken four bottles of Wine of Cardui, with Theodor's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

For advice in cases requiring special directions, address, giving symptoms, the Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours. A sediment or settling indicates an unhealthy condition of the kidneys. If it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it both sent absolutely free by mail address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

state citizenship, but, above all, we rejoice in the great nation, the glory of its achievements, in the flag which represents liberty and law and the constitution of the nation that shelters us all. (Applause)

"We have seen everything in California; we have eaten of your fruits and your fishes; we have tasted the perfumes of your flowers; we have visited the ancient mission churches, where the altar of religion was first raised, and whose chimneys have sounded through the centuries their message of hope and benediction; we have heard the dashing waves of your ocean; we have felt the sunshine—and we have been tanned somewhat by its rays (laughter)—but we have all the time felt the warm touch of your hearts. We saw at Redlands the other day that they sprinkled their streets with oil, and we discovered the other day they bored for it in Los Angeles and got it. (Laughter.) We have met your people—your brave men and women—we have met the pioneers which builded and founded the State; we have met all conditions of people, and wherever we have gone we have seen smiling, happy and contented faces, and have heard the cheers of school children from one end of this state to the other.

"Here, I am greeted in this, the first capital under the constitution—a constitution that dedicated the territory of California to liberty and the Union forever (great applause)—whose people asked and were admitted into the union of states, and received the protection of the federal constitution, and from that period until now the people of California have been loyal to the government and to its every interest. (Great applause)

CONSTITUTION FOREVER.
"In peace or war, you have been faithful. We live, my fellow-citizens, under a constitution that was made by four millions of people, and yet it has proved quite adequate for seventy-five millions of people. (Applause.) It has embraced within it every national duty and purpose, and has never stood in the way of our development and expansion. That instrument seems almost to be inspired to carry forward the holy mission of liberty. It seems not to have been made alone for those who framed it and their successors, but for all ages and all mankind. That instrument stands to-day almost as it left the hands of its framers. Few amendments have been added, and those have only been to enlarge the priceless blessings of liberty and free government to the people, and no amendment can ever be made to the constitution of this country that will curtail the supreme and sovereign power of the people. (Great applause.)

"We have lived under it for a hundred and twenty-five years, in storm and in sunshine, in war within and without, amidst passions and tumult, and after a century and a quarter that great instrument stands unshaken by a single lapse of principle. (Applause.)

To us, my fellow-citizens, young and old, the preservation of that constitution is committed. It is a sacred instrument and it is a sacred trust given to us to see to it that it is preserved in all its virtue and vigor, to be passed along to the generations yet to come. Glorious constitution, glorious Union, glorious flag. Seventy-five millions of people stand together as they never before stood to defend them all." (Enthusiastic applause.)

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membrane, causing the throat to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures Catarrh, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the inflamed parts. This wonderful remedy is known as "Snuffles the Guaranteed Catarrh Cure" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve Hay Fever or Cold in the Head.

Catarrh when neglected often leads to Consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. 1, Edwin B. Giles & Company, 233 and 235 Market street, Philadelphia.

The Making of Good Coffee

Begins in the growing. Anywhere between the plantation and the coffee pot the flavor may be changed, the quality spoiled by carelessness, inexperience, or unscrupulous methods. From the time Arbuckles' Coffee leaves the hands of the grower until it reaches the user in a sealed packet, it is handled with the same watchful care, the same thought for cleanliness, that you would give any article of food that goes on your table. That's the reason it costs the grocer a cent a pound more than its cheap imitations. The extra cent you pay for

ARBUCKLES' Roasted Coffee

buys much more than a cent's worth of quality and strength. A pound of Arbuckles' Coffee will give you more cupfuls of better coffee than you would get from other package coffees.

Be sure you get Arbuckles' Roasted Coffee. Other package coffees are but imitations of Arbuckles'.

In each pound package of Arbuckles' Roasted Coffee there is a list of articles. With each package in which the list is found the purchaser has bought a definite part of some article to be selected by him or her from the list, subject only to the condition that the signature on the package is to be cut out and returned to our Notion Dept. You should see this list. Address all communications to

For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS

Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the **Original** and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.
